San Francisco's Green Economic Forum

Jobs and Opportunity in a Changing Climate

Please join SF Environment and the Office of Economic and Workforce Development along with job training providers, other government agencies, and businesses to discuss the green job landscape in San Francisco. Take advantage of this opportunity to share your experience as a trainer or employer and help further forge the path toward an economically viable, socially just, sustainable city.

To register, contact pauli.ojea@sfgov.org

Morning session

San Francisco's Climate Action Plan

Report-back of 5 community advisory panels, highlighting job creation and economic development in the plan.

Afternoon session

Economic Development and Green Jobs in San Francisco

Panel discussion to assess the state of the green job sector and the green economy in San Francisco.

Breakout sessions to provide diverse stakeholder dialogue about a collective path forward.
